Chapter 1 by PsychoPanda

I was just about to ask my friend Piper over when she suddenly typed, "Oh by the way, I'm not free today or tomorrow." I was curious to find out why. My name is Jade by the way, in case you were wondering. I typed back, " Why not?" I could tell she was nervous after she typed, "Ummm..." I then figured out it was a sleepover I wasn't invited too. Anger coursed through my veins. I then pounded into the keyboard, "Whose house is it? Oreos?" She didn't respond and then I knew it was Oreos. I then infuriated, typed in, " Well congratulations on replacing me, Piper. Have fun at your sleepover." She then replied sumgly, " Oh don't worry Jade, it's not like your the only one left out." I was completely beyond mad right now. She had no right to speak to me like that! I then shut my computer off stalking into the c=kitchen in search for comfort food.
